Google Developers

google assistant developer community program member
September 2019 - Present (1 year 7 months)

I Have Made Action On Google. Action On Google is The Development Platform For Google Assistant. Google Assistant is an Artificial Intelligence-powered Virtual Assistant Developed By Google that was Primarily Available on Mobile Devices and Smart Home. Unlike the Company's Previous Virtual Assistant, Google Now, Google Assistant can engage in a two-way conversation. In 2017, the Google Assistant was installed on more than 400 million devices.

Name of My Action is "Ravi Traders". This actions is for chilli powder business.

To Use :

Trigger Google Assistant By :

"OK Google, Talk To Ravi Traders"

OR

you can check my action in <https://www.ravimamda.co.in/contact.php> page
