Google Developers
google assistant developer community program member
September 2019 - Present (2 years)

I Have Made Action On Google. Action On Google is The Development
Platform For Google Assistant. Google Assistant is an Artificial Intelligence-
powered Virtual Assistant Developed By Google that was Primarily Available
on Mobile Devices and Smart Home. Unlike the Company's Previous
Virtual Assistant, Google Now, Google Assistant can engage in a two-way
conversation. In 2017, the Google Assistant was installed on more than 400
million devices.
Name of My Action is "Ravi Traders". This actions is for chilli powder business.
To Use :
Trigger Google Assistant By :
"OK Google, Talk To Ravi Traders"
OR
you can check my action in https://www.ravimanda.co.in/contact.php page
